

**We can't
do it
without
you.**

Get tested regularly.

There are a variety of places in Augsburg to take a COVID-19 rapid test or a PCR-Test: the test center at the Trade Fair Center (Messe) and at various other rapid test locations and pharmacies throughout the city:
[augsburg.de/testen](https://www.augsburg.de/testen)

Register for the vaccine.

Vaccines protect. To get vaccinated, you have to register beforehand. Online at [impfzentren.bayern.de](https://www.impfzentren.bayern.de) or by phone via your general practitioner. The vaccine is free.

The only way we can make this work – your guidelines.

COVID-19 spreads through respiratory droplets – e.g., through speaking, coughing, or sneezing. The following help:

Physical distancing.

Masks on.

Fewer contacts.

Airing out rooms.

It's better not to

-  Meet in closed spaces.
-  Meet in groups or crowds.
-  Talk to others without distancing.

Better to

-  Meet outside in less crowded places.
-  Meet with individuals from a reduced number of households.
-  Use physical distancing, masks or digital methods when talking to others.
